01 ABOUT THE SERVICE

System and dashboard design

We map roles and tasks, write the screen inventory, then design a living UI kit and every screen in Arabic and English for desktop and tablet.

Who it is for

- Government and enterprise teams replacing an old back-office
- Start-ups building an admin panel next to their app
- Operations teams who spend all day in tables and forms

The problem

Internal systems grow screen by screen with no plan. Staff lose time on extra clicks, and every new feature makes it worse.

What changes

Roles and tasks mapped first, then a living UI kit, then every screen with real data states, in Arabic first and English.

At a glance

01 Roles, permissions, screen inventory

02 16 screens with real data states

03 Living UI kit for your developers

04 Prototype of the main flows

05 Presentation + 2 revision rounds

Deliverables

ITEM	QTY	FORMAT	WHEN
Roles, permissions and screen inventory	1	PDF · FigJam	Week 1
Living UI kit	1	Figma library	Week 2
Screens with data states, AR + EN	16	Figma	Weeks 3–6
Tablet layouts of key screens	4	Figma	Week 6
Prototype of the main flows	1	Figma prototype	Week 7
Developer handoff	1	Figma Dev Mode	Week 8

How we know it is done

- Each role sees only the screens and actions it is allowed
- Tables show empty, loading, error and long-data states
- Charts have a text alternative and readable labels
- Arabic and English screens share the same components

Revisions

- A presentation session, then round 1 and round 2, both included.
- Send your notes in one consolidated list within 5 working days.
- A revision is a change inside the approved direction. A new direction is a new request.
- An extra round is 1 hour from your balance, or added to the quote.

Also not included for this service

- System development and data integration
- Database design
- Staff training

Process and duration

Getting started: five steps

01
Choose
A project package or a balance of hours. Hour counts are published.

02
Book a call
A short online meeting. We confirm the fit and answer your questions.

03
Your quote
We confirm the scope and send a written quote within 24 h. You approve.

04
Approve and pay
Approve the quote, then pay by card or bank transfer. The invoice lands in your account.

05
Your account
We set up your account after the quote is approved: status, balance and every request in one place.

Questions

Can you use our design system?

Yes. Screens on an existing system count as internal pages, 8 hours each.

Arabic version included?

Every screen is designed in Arabic first, then English, fully mirrored.

Can we start with fewer screens?

Yes. Screens are 8 hours each, so a smaller first phase is quoted from the same catalogue.

Next step

Book a short call. You get a written quote within 24 hours, with the scope and the date fixed before you approve.
